WILL BE TREATY OF WASHINGTON

In Selecting Place President Roosevelt Is Honored.

ENGLAND PLEASED AT CHOICE

Arrangements Are Now Being Completed for Meeting—Russ Papers Call Upon Czar to Send Russia's Ablest Man—Other News.

Washington, June 17.—Already the epoch-making meeting to be held between the plenipotentiaries of Russia and Japan to discuss means of ending the war, as Russians tentatively expresses it, has received a name. In a dispatch to Europe from the embassies and legations here it is briefly termed, "the Washington conference."

The announcement of Washington as the scene of the peace-makig has caused practically the entire diplomatic corps to suspend indefinitely its program for the summer. Despite the reiteration of both belligerents that they propose to negotiate directly with one another, the European powers are preparing to follow each step of the negotiations as closely as possible.

The informal announcement at the White House that if convening the conference here the plenipotentiaries were oppressed by the heat, they would probably adjourn to some watering place in New England, has aroused the hopes of the envoys of the neutral powers that such will be the decision. Among the diplomats whose plans probably will be disarranged by the coming conference are M. Jusserand, the French ambassador, who, if he goes to France this month as he had planned, must return in time for the conference, Baron Speck Von Sternberg who has planned to spend his leave in Germany and Sir Mortimer Durand, the British ambassador who had already gone to Lenox, Mass. If the conference does not convene until September some of the diplomats will make brief visits to Europe mainly for the purpose of getting in touch with the views of their respective governments.

Compliment to Roosevelt.

London, June 17.—The acceptance of Washington as the place for the conduct of peace negotiations is regarded by the London morning newspapers as a great compliment to President Roosevelt's diplomacy and as a further proof of the growing influence of the United States in international politics. Moreover, it is felt that Japan would not have proceeded thus unless convinced there was a reasonable prospect of the negotiations bearing fruit. It is therefore concluded that Japan has resolved to propose moderate and reasonable terms. Altogether the situation is regarded much more hopeful than it was 24 hours ago, and as the daily News remarks, "Humanity waits for the treaty of Washington."

The Daily Telegraph refers to "the noble part played by the president," and expresses satisfaction at the selection of diplomatists instead of soldiers to conduct the negotiations, because there will be less chance of wrangling over military positions. The Daily Telegraph says there is reason to believe that the Japanese demands will astonish the world by their moderation.

Russians Want Able Man.

Peterburg, June 17.—The announcement that Emperor Nicholas has accepted the resignation of his uncle, Grand Duke Alexis, as high admiral created a great sensation when it became known today, but the announcement came too late for comment in the morning papers.

Commenting on the selection of Washington as the place of meeting for the peace plenipotentiaries, the Novoye Vremya calls upon Russian diplomacy to prepare to struggle seriously to repeat the drifting policy which Russian diplomats followed before the war, to decide what Russia wants and to act accordingly.

The Russ dwells on the necessity for selecting the ablest men available to represent Russia at the Washington meeting "since they may have to conclude a peace which will determine for many years Russia's position in the Far East."

The Bourse Gazette demands that men representing "new" and not "old" Russia, shall be sent.

The Listok says the world formerly manifested alarm at the "Russian advance" eastward, but now seems indifferent to "Japans advance" westward through Korea and Manchuria.

Chicago Wants Peace Conference.

Chicago, June 17.—A movement to have the peace negotiations between Russia and Japan take place in Chicago should a change from Washington be desired, was inaugurated today.

The Illinois Manufacturers' association, representing $100,000,000 of invested capital, and employs 500,000 men took the initiative by asking the governor of Illinois and the mayor of Chicago to join in extending such invitation.

INDICTED FOR CONSPRIACY.

Promoters of "Get-Rich-Quick" Scheme in Toils of Law.

Philadelphia, June 17.—The United States grand jury has found a true bill of indictment charging conspiracy against Frank C. Marrin alias Frank T. Stone, alias Frank Linston, alias Tom Harper; Oliver Quintin, alias F. Ewart Storey; Stanley Francis(alias Arthur S. Roseter; Arthur O'Howard, Walter B. Riggs, alias W. Reich Richmond; Thomas H. Quiland and Estelle Graham alias Sophie Beck, alias Mrs. Edward Dunne, alias Estelle Collins.

The indictments are the outcome of the recent expose of a "get-rich-quick" concern in this city. The persons indicted were connected with the Storey Cotton company and the Provident Investment Bureau, which were closed by government officials. All of the indicted persons with the exception of Stanley Francis, are fugitives from justice. Francis is under heavy bail awaiting trial.

ROAD WILL BUILD A NEW DEPOT

Birmingham Will Have a Terminal Station to Cost $1,000,000.

Birmingham, Ala., June 17.—Fourth Vice President C. H. Ackert, of the Southern railway, arrived in Birmingham accompanied by an architect, who will draw up plans for the new passenger station to be located on Twenty-sixth street between Third and Sixth avenues. Mr. Ackert stated that the station will probably cost $1,000,000, and that it will be built jointly by the Southern, Alabama Great Southern, Central of Georgia, 'Frisco system and Seaboard Air Line. The station must be finished by Jan. 1, 1907, on which date the contracts on the above named roads with the Louisville and Nashville for the use of the present station expires.

The Louisville and Nashville notified them some time ago that the station was getting so crowded the other roads would have to make other arrangements.

Mr. Ackert says work will begin immediately on the completion of the plans.

Autoists Racing in France.

Paris, June 17—Twenty-four contestants in the French trials for the James Gordon Bennett International Automobile cup, started at 6 o'clock this mroning over the Auvergne course. Thery, winner of the cup last year, was first to start and he was followed by others at intervals of four minutes. Despatches from along the course show that Thery is making 80 kilometers an hour, with Wagoner making the next best time."

Cure For Consumption.

Muskegon, Mich., June 17.—Humans afflicted with lung, bronchial or any other form of tuberculosis trouble, according to Myron H. Jackson, a prominent and wealthy Muskegon automobilist, can be benefited by taking dizzy rides in a fast whirring "bubble." Jackson vouches for the statement and declares himself an example of what it has done in the way of lengthening his years.

NEXT REUNION GOES TO CRESCENT CITY

General Lee and Other Officers Re-elected Unanimously.

LARGE CROWD SEES THE PARADE

The Crescent City Had Slight Difficulty in Securing Convention as Nashville Put Up a Strong Fight for the Next Reunion.

Louisville, Ky., June 17.—The United Confederate Veterans re-elected their old officers as follows:

Commander in chief, Lieutenant General Stephen D. Lee, Mississippi.

Commander trans-Mississippi department, General L. W .Cabell, Texas.

Commander army of Tennessee department, Lieutenant General Clement A. Evans, Georgia.

Commander army or northern Virginia department, C. Irving Walker, South Carolina.

New Orleans had slight difficulty in securing the convention of 1906. There was very little speechmaking and little in the way of song, but what was given the delegates along these lines was most excellent, the singing of Miss Mollie Blanchard going straight to the hearts of the veterans. Nashville made a fight which was a surprise to the convention, but the sentiment was strongly in favor of the Crescent City.

The large crowd of old soldiers and visitors in Louisville attending the United Confederate Veterans' reunion were augmented today by arrivals in great numbers from many nearby towns who came to see today's feature—the parade of what is left of the men who fought for the confederacy's cause.

Although the weather official, Walz, forecasted showers for the day, the indications at 10 o'clock were that they might be delayed long enough to permit the veterans to pass in review before the thousands which lined the streets—a privilege which was denied Louisville five years ago, when the rain fell almost steadily during the three days of the reunion.

The hour set for the parade was 11:30 with the understanding that should rain occur the march would be attempted again at 3 o'clock. The route of the parade covered about 3 miles. The veterans will start from First and Main, traverse the principal business street and then move out to Broadway, where the ywill countermarch in order that the wearers of the Gray may see each other in line. They will then come in Fourth street, the principal retail thoroughfare, disbanding at Sixth and Jefferson in front of the city hall.

An hour before the time set for the parade to move, the streets were filled with the various commands marching to their positions, accompanied by bands of music. The sidewalks were jammed with people and windows all along the line of march showed thousands of spectators ready to give the veterans a reception.

At his headquarters in the Galt house, General Lee, commander in chief and his staff, were doning their uniforms and making ready for the parade. The general who has worked almost incessantly since his arrival in Louisville, shows but little effects of the strain upon him.

Adjutant General Mickle has received the following telegrams:

"Borden Springs, Ala.—General William E. Mickle, chief of staff: My most grateful acknowledgments to the convention for their very kind message which is a great comfort to me. I am happy to say my health improves and I have been in good providence of God, a fine prospect of recovery. My cordial, heartfelt greeting to the old soldiers. No truer men walk this earth. (Signed) Alexander P. Stewart."

"Greetings from Albert Sidney Johnston chapter, United Daughters of the Confederacy of San Francisco, and a cordial invitation to attend convention on Oct. 3. Annie B. Voorheis."

Sons of Veterans Elect Officers.

The United Sons of Confederate Veterans today elected the following officers:

Thomas M. Owen, of Montgomery, Ala., commander in chief.

G. Leslie Spence, of Richmond, Va., commander of the department of Virginia.

R. E. Lee Bynum, of Jackson, Tenn., commander of the department of Tennessee.

I. J. Stockett, of Tyler, Tex., commander of the trans-Mississippi department.

Will T. Sheehan, of Montgomery, Ala., was chosen adjutant general and chief of staff by Commander Owen.

A majority of the camps of the organization are in arrears for dues and the question of their suspension was called up but no action taken. Certain camps in the Indian Territory agreed to pay their dues before leaving the city.

INTEREST IN STRIKE DYING.

Both Sides In Chicago Are Relaxing Their Energies.

Chicago, June 17.—Further evidence that interest in the teamsters' strike is relaxing on both sides is furnished by the announcement that only three meetings each week will be held by the teamsters' joint council.

Heated debate is expected at the meeting of the Chicago Federation of Labor Sunday, when the dispute between the teamsters and the building trades is presented for consideration. It is reported that some of delegates to the Federation will protest against a continuance of the strike.

Secretary Hooper, of the Lumbermen's association, declares that lumber firms affected by the strike are now doing about 80 per cent of their normal business.

The list of fatalities due to labor troubles since the beginning of the teamsters' strike, according to the coroner's report and furnished to the state's attorney, as a basis for the manslaughter indictments, includes the names of sixteen persons.

Germany Willing to Aid Morocco.

Fez, June 17.—Much significance is attached to the numerous private audiences which Count Von Tattenbach-Ashold, head of the German mission, has had with the Sultan since the arrival here of the British minister, Girard A. Lowther. There is reason to believe that the principal subject of discussion has been Germany's willingness to help the Moorish government in the work of reform and it is understod that in the event of the ultimate rejection of the proposed international conference on Morocco, Germany will make definite proposals to undertake the reorganization of certain government department now included in the French reform project.

Extract Gold from River Beds.

New York, June 17.—In consequence to the memorial presented to President Roosevelt by the California Miners' association, the United States Geological survey has begun an investigation into the conditions affecting the hydraulic mining industry of the state. The motion that inspired the memorial was hope that the gold now buried in the ancient river channels of California may be rescued by the hydraulic mining process, it being held by the miners that such deposits cannot be profitably worked by digging, drifting or by any process except hydraulic methods now restrained by anti-debris legislation.

Six Slain in Fight.

Blackhawk, Ida., June 17.—Latest reports from the Jackson Hole country indicate that the recent battle between ranchers and outlaws was more sanguinary than was indicated by the earlier reports. It is now stated that six persons were killed, four outlaws and two ranchers. Several horses were killed during the fight, five being shot down in one spot. The ranchers, it is reported, succeeded in recovering the cattle, which the outlaws were attempting to drive away.

TRIPLE HANGING IN ALABAMA CITY

Negroes Pay Death Penalty For Their Crimes.

TROOPS ESCORT THE PRISONERS

Two of Them Were Guilty of Assaulting and Killing Miss Belle Bloodworth—The Other Shot and Killed an Officer.

Decatur, Ala., June 17.—Will Jackson, John Collier and Harvey Smith, all negroes, today paid the penalty for their crimes at this place.

Governor Jelks on yesterday ordered Captain C. S. Price, of troop D, cavalry squad, to escort them from Birmingham, where they have been in jail, to Decatur and turn them over to Sheriff Wiggins, of Morgan county. The state militia has figured prominently in connection with these negroes. After they were captured they were taken to Birmingham for safekeeping and when the special term of the court was called to try them, the governor ordered a military company of Birmingham to accompany them to Decatur. They were tried and convicted and sentenced to be hanged today.

Smith and Collier's Crime.

Smith and Collier were convicted of assaulting and killing Miss Belle Bloodworth, a popular and well known young lady of Decatur. The boldness of the crime startled the whole state.

Miss Bloodworth was at the store of Mr. Winkinson in the afternoon about dark and telephoned her home telling her mother she was on her way there. One of the negroes was at the store at the time and the testimony showed that the two followed her for several squares and then when she was near a dark street, but almost in the heart of the city, they attacked her.

She evidently gave them a hard fight for her life, for the ground around the spot was torn up considerably. When Miss Belle did not get home in some time her mother became anxious and began inquiries. A search was made, and the dead and bruised body of the young lady was found in a yard near the place where she was attacked. The news spread like wildfire, and posses were immediately organized. No trace could be found. Large rewards were offered and special detectives came from all over the country. After some time a clew was secured, and after working faithfully for some time, the two negroes were arrested.

They were not carried to Decatur because they would have been lynched. They were sent to Birmingham. They were carried to Decatur for trial under escort of the military and they were again escorted by the military to their death.

Crime of Jackson.

While the people of Decatur were still talking of the horrible murder of Miss Blodworth, Will Jackson, a negro, shot and killed Officer E. L. Steele, who was carrying him to the lock-up.

Jackson had been arrested on the charge of being a vagrant, and while enroute to jail he snatched the officer's pistol and shot him through the brain. Several people caught him before he could escape. He was also carried to Birmingham for safe-keeping.

All three were convicted at a special term of court.

Pardoned by President.

Washington, June 17.—The president has granted a pardon to C. H. Morphew, who was convicted last April in the eastern district of Arkansas of retailing liquor without having paid the required special tax. Morphew was a druggist and sold for medicinal purposes only a preparation known to contain 55 per cent proof spirits, claiming justification under a decision of the commissioner of internal revenue. Morphew is held to have acted in good faith and for that reason pardon was granted.

Mr. Godwin's Remains.

The remains of J. J. Godwin, the death of whom occurred at Micanopy Thursday night, passed through this city Friday en route to Cerro Gordo, N. C., where the funeral will be held.

The notice of Mr. Godwin's illness and subsequent death has already appeared in The Sun. A sad feature of the death is the fact that his beloved mother only preceded him by two days, and it is believed that the information of her death had a great deal to do with his own, as he was very much devoted to his mother.

The remains will be interred at Cerro Gordo by the side of his dear parents.

THAT BASEBALL GAME.

Gainesville Ball Team Given a Severe Drubbing.

Editor Sun: We are afraid that the Gainesville baseball players, after meeting with such a defeat in Micanopy Thursday, were ashamed to report how the score stood. The Gainesville boys didn't have enough men, so two of Micanopy's players helped them out. The score was 18 to 2 in favor of Micanopy. One of the Gainesville score was made by one of our boys who was helping them. Don't you wish you could play ball, boys?

TO HEAVEN IN BALLOON.

Colored Woman Thinks She is En Route to Glory, But is Lodged.

Rebecca Washington, a colored woman from Alachua, was brought to this city Thursday by Deputy Sheriff Joseph Fugate, was examined by a competent committee, and adjudged insane.

This unfortunate woman labors under the hallucination that she is en route to heaven in a balloon, and that she has become lodged in a tree. "I am on my way to heaven," she will say, "and this balloon is lodged in a tree; I have paid my fare, and I want to go."

An attendant is expected today from the State Asylum for the Insane at Chattahoochee, who will take charge of the patient.

WILL OPEN STREETS.

North Gainesville People Have Determined to Make Suburb Attractive.

Since North Gainesville has been taken in as a part of the city by recent ...nnexation of the new charter, the people of that thriving burg are active in the matter of being up to date, and are preparing to open several streets. These streets will be opened and properly named and posted, with the result that North Gainesville will be the leading suburb of the city.

The people of North Gainesville never do things by halves.

MAINES-TURNER.

Marriage of Two Popular Young People Which Surprised Friends.

Married on Sunday, April 30th, Miss Jessie Turner of Rochelle to Mr. Orlando Maines of Monteocha.

These young people were both delegates to the Baptist Sunday school convention which convened at Hawthorn. Early Sunday morning, with full consent of the young lady's parents, they drove over to Hawthorn, attended the convention, then on to Gainesville in the afternoon, where they were happily married at 6:45 o'clock in Judge Mason's house and by the genial Judge.

After the ceremony they drove on through to his home, where they were given a hearty welcome.

Edward Turner, a brother of the bride, was the only relative who witnessed the ceremony.

May God's richest blessings be showered upon them, and, as they travel along the pathway of life hand in hand may they be able to,

Gather up the sunbeams,
While the shadows pass them by;
Breathe the fragrance of the roses,
Forgetting that the thorns are nigh.

A FRIEND.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

Lake View Items.

Lake View, June 13.—The crops are looking much better since the rain. They were needing it very much.

Miss Zora Turner is visiting relatives in Gainesville this week.

Mr. and Mrs. J. S Johnson of Arcadia are on an extended visit to old friends and relatives.

Miss Mattie Boulware of Gainesville is the guest of Misses Queen and Sallie Paulling.

Miss Annie Turner has returned from Jonesville and Gainesville.

O. O. Gamage is some time here the guest of A. C. Jackson.

S. F. Johnson has returned from South Florida.

Mrs. T. A. Johnson came home from Newberry Friday, accompanied by Mrs. D. G. Roland and children.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

To Tunnel Sierra Novadas.

Reno, Nev., June 17.—The announcement is made that a contract for the construction of the tunnels through the Sierra Nevada mountains has been let by the Southern Pacific company and that work on them would begin within a month. There are to be five tunnels in all and the main one will be 5 miles long. The first tunnel will start a short distance north of Donner Lake and the series will end at the foot of the Blue canyon on the American river.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Mr. Godwin's Remains.

The remains of J. J. Godwin, the death of whom occurred at Micanopy Thursday night, passed through this city Friday en route to Cerro Gordo, N. C., where the funeral will be held.

The notice of Mr. Godwin's illness and subsequent death has already appeared in The Sun. A sad feature of the death is the fact that his beloved mother only preceded him by two days, and it is believed that the information of her death had a great deal to do with his own, as he was very much devoted to his mother.

The remains will be interred at Cerro Gordo by the side of his dear parents.

THAT BASEBALL GAME.

Gainesville Ball Team Given a Severe Drubbing.

Editor Sun: We are afraid that the Gainesville baseball players, after meeting with such a defeat in Micanopy Thursday, were ashamed to report how the score stood. The Gainesville boys didn't have enough men, so two of Micanopy's players helped them out. The score was 13 to 2 in favor of Micanopy. One of the Gainesville score was made by one of our boys who was helping them. Don't you wish you could play ball, boys?

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

AMONG THE LEADERS.

Dr. Kelley, the new superintendent of Alachua county, is already classed among the leading county superintendents of the State. His previous training as a member of the Board of Public Instruction enabled him to take hold of the work like an experienced officer.—Florida School Exponent.

The foregoing facts have become apparent to all who have given the matter a thought. Dr. Kelley is a man of energy, as he has always shown in business; is possessed of a good knowledge of his position, and aims to make the Alachua county schools excel. With a clear field he will accomplish his purpose, as he has the necessary push, pull and persistence.

The Texas wool crop brought between 20 and 22 cents per pound.

Lake City presented a loving cup to George W. Wilson, at the retirement of the board of trustees of the State University.

The Suwannee Democrat wants The Times-Union to devote more space to Live Oak as a location for the University. The T.-U. has been very liberal.

The Miami Evening Record will move into new and more commodious quarters in a short time. The building will be of stone and The Record will be more solid than ever.

At Birmingham, Ala., it took a jury just three minutes to bring in a verdict. Wesley Hale, colored, was the fellow, he having waylaid a man and brutally murdered him.

The Telegraph, published at Starke, feels confident that the election next Tuesday will go for prohibition in Bradford county by about 200 majority. If the county will boom the way Alachua has since we have had local prohibition, they will never regret it.

Pardon us; but we have so many good things to publish that others have said about Gainesville, that we begin to think that the people and brethren of the press know us. However that may be, Gainesville and the people will always strive to maintain that good opinion, no matter what may come. We feel like the man running for office: "That we are in the hands of our friends," and mighty good ones, too.

There is one thing that is absolutely certain and that is: In all the years that the East Florida Seminary has been in Gainesville there has never been the first hint of any misconduct on the part of the faculty; no word against the school or any grounds for the least disagreeable remark regarding those in charge. The faculty has always been too busy with the work in hand, and the people of the city have always put the most implicit confidence in the members to doubt their sincerity, and their confidence has not been misplaced. President Jere Pound, who was here as the last in that position, has proven himself an eminent instructor and a thorough gentleman, and the only excuse for abolishing the school was that others in the State were too expensive for the work the State schools accomplished.

GIVE IT TO GAINESVILLE.

The two cities most prominently mentioned as the home of the Florida University under the new law is Lake City and Gainesville. Both places claim advantages; this may be true; we have not looked over these advantages as set forth by the people of the two towns. However, this fact is patent to every one conversant with the matter: Lake City has not the slightest spirit of education permeating her people. They are, and have ever been, given over to political jealousies, bickerings and factional discord. This spirit permeates everything.

The school has suffered and will suffer from this almost depraved condition that seemsa part of this people. The school that has so long been located there has been a failure in the face of the fact that the Federal Government, the State and private capital has been used to improve and developpe it. What might have been the foremost school in the State has gone steadily down till now it is a university in name only. With proper surroundings the Agricultural College might have made a success, but everything has conspired in and about Lake City to cripple its usefulness and it died out completely.

Not so in Gainesville. The Seminary so long located there has been the pride of that people; has had their hearty support and cooperation. The true spirit permeates the citizens of that town, the county and that portion of Florida.

The school in consequence has ever been a success, and should the University be located there, as it most assuredly should be, it can but prosper. It is bad policy to try to rehabilitate a broken down business when you can invest in a well established and prosperous one It is to be hoped the Board of Education and Control will locate the University at Gainesville.—DeFuniak Herald.

LOCATION STATE UNIVERSITY.

Expressions being called for relative to the location of the State University, I submit the following:

As Gainesville occupies the place on the line more nearly dividing the early vegetable and orange section on the South and the more strictly farming section on the North, the people in Lee county and South Florida, it is natural to suppose, would ask that the State University be located there, if financial considerations are equal.

Probably no county in the State comes any nearer producing from the soil the necessaries of life, or paying a dividend on her investments, as does Alachua. Gainesville is dominated by Southern ideas, but not to the exclusion of the large per cent of Northern element, which makes it the most harmonious, cosmopolitan town in Florida, which may not be true of other applicants. Land and living cannot be had so cheaply, nor healthy influence of better type be found.

Sincerely,
Jos. F. SHANDS.

Probably no man in the county knows more about the feeling of the people than does Dr. Shands, Lee county's superintendent of schools, and this note from him may be accepted as thoroughly in accord with the views of a large per cent of our country people.—Fort Myers Press.

President Andrew Sledd of the University of Florida has announced that, owing to the present unsettled condition of educational matters, the usual university summer school will not be held.

The people of DeFuniak have the right idea. They will have an agricultural fair and not a fake show to catch the people's money.

The Jacksonville authorities are getting after the milk dealers of that city.

FROM THE STATE PRESS.

South Florida and a good part of the rest of the State is pulling hard for Gainesville as the location for the State University.—Dunnellon Advocate.

Everybody should pull for Gainesville for the State University. Its location and healthfulness are sufficient reasons alone why it should be located there.—Levy County Advocate.

The sentiment of South Florida seems unanimously in favor of Gainesville as the location for the State University. Ocala has aspirations and is likewise an excellent place for the University, but Gainesville stands on fighting grounds which offer a good chance for success.—Punta Gorda Herald.

The Ocala Banner, whose brilliant editor is one of the trustees of the late State University, in its Sunday edition describes Lake City as a very unfit place for the University. This is a tremendous argument for Gainesville, and we shall expect Brother Appleyard to make a prodigious fuss about it.—Punta Gorda Herald.

SHOULD BE ON FACULTY.

Whether the State University be moved from Lake City to Gainesville or allowed to remain where it is, there is one gentleman who should find a place on the faculty of the great State school.

The educational interests of Florida have been strengthened and built up and the school life of the State has been quickened by the genius of Professor Tom F. McBeath of the East Florida Seminary at Gainesville, one of the most wholesouled, broad-gnaged men that ever lived.

Now the East Florida Seminary is one of the institutions that will be abolished because of the Buckman bill, unless carried on by private enterprise. Florida cannot afford to lose the services of Tom F. McBeath.—St. Augustine Record.

Orlando will have the "biggest" Fourth of July celebration in that section of Florida.

Mrs. Joseph Flewellen and son J. A. have returned to their home at McIntosh. They were summoned here on account of the death of James R Flewellen. On their return home they were accompanied by Mrs. Mitchell of Columbus, Ga., and Miss Flewellen of Eufala, Ala., sisters of the deceased, who have been here for several weeks.

Attention is called to the advertisement of Miss Nora Norton, which appears elsewhere in this issue. Miss Norton is running the Gainesville Circulating Library, which has proved very popular not only with the home folks but the winter visitors as well. She is offering special terms for the summer, however, which may be ascertained by reference to the advertisement.

H. B. Shaw and family, who have been residing in this city for the past few months, have removed to Waycross, Ga. Mr. Shaw has been connected with the Gainesville and Gulf Railway in the capacity of engineer and machinist, but has now secured a lucrative position with the Atlanta and Birmingham as chief boiler-maker. He is a practical man, possessed of ability, and will no doubt make a fine record with the new road.

L. C. McClenney of Cadillac, member of the firm of J. B. McClenney, Sons & Co., manufacturers of lumber, was among the visitors to this city yesterday. In connection with the milling business Messrs. McClenny have a fine field of cantaloupes, 150 acres, which are as fine as any melons seen in that section. They have made the first shipment but so far have received no returns. They expect, however, to get good prices, as the fruit is first-class in every respect.

F. P. Henderson of Arnow, one of the leading citizens and peach growers of that section, was in the city yesterday. Mr. Henderson has seventy acres in peaches of choice varieties and is now shipping. He expects good returns from his crop, which is very fine. The crop of the Arnow section comprises about two hundred acres and is about half shipped. The varieties are good and have lasting shipping qualities and the prospects are that the crop this year will be a paying one.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

ARRESTS FOLLOW MURDER.

Six Persons in Jail For the Killing of Boy and Girl.

Valdosta, Ga., June 17.—The latest arrest in connection with the murder of the Carter children at Hahira, is that of J. G. Rawlins, whose three sons were arrested with two negroes, who are charged with the crime. Frank Turner, a negro preacher, has also been arrested.

Willie Carter, the 17-years-old boy who was slain, lived several hours after being wounded, and declared that Jesse Rawlings had shot him.

The father of the murdered children is still suffering from wounds inflicted upon him by J. G. Rawlins a month ago. His son was recently the prosecutor of one of the Rawlins boys, who, it seems, tried to drown him in the river. There has been bad blood between the families for some time. It is believed that the elder Rawlins planned the attack and came to Valdosta to establish an alibi.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

Champion Slayer To Hang.

Tuscaloosa, Ala., June 17.—Work has commenced on the scaffold where John Carpenter, the negro who killed Mr. Champion about six weeks ago, is to be hanged. The structure is being put up just outside of the jail yard in quite a secluded spot. Only those who have tickets will be able to witness the hanging, which will take place on the 23rd.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

CALL EXPERT ACCOUNTANT.

Board of Lady Managers Ask for Help In Making Report.

New York, June 17.—The board of lady managers of the world's fair has called in an expert accountant (male) to straighten out its accounts and make up a report for congress.

When the fair closed the auditing committee was expected to straighten out matters pertaining to the board's appropriation of $100,000 for congress, but when the recent meeting was held here it was found that nothing had been done. Some of the committee's members did not appear until after the meeting was over. others were preparing to visit Europe and none of them expressed any great desire to go into the mass of papers and vouchers which had accumulated. As a result, it has been decided to turn the board's accounts over to an expert, who has promised to report July 1, when the records are due.

Easily Separated from His Money.

Chicago, June 17.—John Monroe has been arrested on complaint of P. H. Grear, a wealthy mine owner of Spokane, Wash. Grear said Monroe and two other men took him to an alleged pool room and tld them they had arranged with the clerk of the bookmaker with the name of one of the winning horses in a race until Grear could bet $1,600 on that horse. Grear placed $1,200 on the horse. A short time later Monroe excused himself, and the bookmaker and his clerk also left the room. They did not return, and Grear notified the police. Monroe and companions have not been found.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

Death Sentence for Negro.

Birmingham, Ala., June 17.—Wesley Hale, a negro, was convicted of murder and given the death sentence in the criminal court here. The jury was out but three minutes. Hale murdered and robbed E. G. The other two negroes, Hall and Johnson, will be tried on the same charge.
